

SAYS UNITED STATES SHOULD ASSUME THE ARMENIAN MANDATE

Lord Robert Cecil Believes This Country Would Have More Influence Over Turks Than Any Other—Twenty Million Dollars Needed To Organize Military.

GENEVA, Nov. 26.—The difficulty of any single power or influence dominating the league of nations was demonstrated today when the council of that body in spite of determined protests by the British member, decided finally to give control in the permanent mandates commission to non-mandatory powers. This commission will be composed of representatives of five non-mandatory powers and four of the mandatory states.

Today's action was a confirmation of the decision taken at the Brussels session of the council. The decision has been fought by the British since it was announced after the Brussels meeting. They obtained a reconsideration of the question but again were outvoted.

Honorio Puyredon, Argentine delegate to the assembly announced today that the Argentine delegation would protest to the assembly the rejection by committee number two of all amendments to the covenant of the league. He said also that he would bring up on the floor of the assembly a resolution providing for election of all members of the council by the assembly.

Talk on this quiet day centered about the expected arrival from Bern of Major Marlboro Churchill, head of the American army intelligence service, who it had been reported is coming to watch the league developments for any action that might interest his department.

Still Want U. S. in Armenia. Geneva, Nov. 26.—That the United States would be the best nation to accept the mandate for Armenia is the opinion of Lord Robert Cecil, who is acting as one of South Africa's delegates to the league of nations assembly, as expressed to the American newspaper correspondents tonight.

"The United States," he added, "probably have more influence with Mustafa Kemal Pasha, the Turkish nationalist leader who is conducting a campaign against the Armenians, than any other nation."

Lord Robert said \$20,000,000 would supply the necessary military assistance to put Armenia on her feet.

"I have been advised by very good military opinion," he declared, "that a good deal could be done to save Armenia with the expenditure of that amount. We have appealed to many states and organizations, but so far we have had nothing but suggestions."

"I think the United States would be the best country to solve the Armenian question inasmuch as that country would have the most influence with Mustafa Kemal Pasha. Twenty million dollars would enable us to organize the military expedition necessary to establish Armenian independence. The money could be regarded as a loan to the Armenian state which would be repaid if the Armenian economic position were established."

While refusing to name the number of troops necessary, Lord Robert stated it would be quite

Steamer Sends Call For Help

(By The Associated Press) ASTORIA, Ore., Nov. 26.—S. O. S. calls were received this afternoon from the Steamer Santa Rita, a short distance south of Jmatilla Reef. The call said the steamer was in distress and lives of 32 persons were in danger.

The Santa Rita had been towing the barge W. J. Pierre, which had 33 people on board including one woman and child. The barge is reported adrift and within a mile of the beach. The shore there is lined with rocks and rescue of those on board is considered almost impossible.

BENNY LEONARD WINS FROM JOE WELLING IN FOURTEENTH ROUND

Scores a Technical Knockout Over the Chicago Fighter

WELLING PROTESTS THE DECISION

(By The Associated Press) NEW YORK, Nov. 26.—Benny Leonard, the world's champion lightweight, successfully defended his title and won the \$2,000 diamond belt, emblematic of the title of the championship, which was presented to him by Tex Rickard when he scored a technical knockout over Joe Welling of Chicago, in the fourteenth round of what was to have been a fifteen round bout at Madison Square Garden tonight.

Leonard did not show the effectiveness of his punches until the thirteenth round when he sent Welling down three times. Welling going thru the ropes on two of these occasions and was very groggy going to his corner.

Leonard seemed over-anxious to finish his task at the opening of the fourteenth and simply battered his opponent to the floor with lefts and rights for a count of nine. Welling showing remarkable gameness, tottered to his feet. The referee, however, decided that Welling had received sufficient punishment and stepped in between the men, altho Welling and his seconds protested that he was able to continue.

OBREGON BELIEVED TO BE SERIOUSLY ILL

Persistent Rumors That President-Elect of Mexico Is More Than Indisposed—Social Functions are Postponed.

(By The Associated Press) MEXICO CITY, Nov. 26.—Notwithstanding official statement that General Alvaro Obregon, the president-elect of Mexico, is not seriously ill, rumors are prevalent here that he is more than slightly indisposed.

In some quarters the continued absence of the general from his downtown office where he was accustomed to work seven hours daily, is taken as giving credence to the reports.

General Obregon, today cancelled several engagements and simultaneously a announcement was made that a banquet planned for tomorrow in his honor by the confederation of chambers of commerce of Mexico and the United States had been postponed until Monday.

Several weeks ago the general was threatened with pneumonia and his continued indisposition is thought to be a consequence of that attack.

DROP IN BUTTER AND MILK PRICES

OMAHA, Neb., Nov. 16.—Prediction of what he referred to as a "serious drop" in milk and butter prices was made in an address at the Chamber of Commerce today before Omaha business men by George M. Wilbur of Maryville, Ohio, head of the executive committee of the Ohio Wool Growers Association.

"There is facing us a serious drop in market and butter prices because Danish butter fill soon be coming in at the rate of 500,000 pounds a month, every pound of which will take the place of a pound of American butter," Mr. Wilbur said.

"At the same time," he added, "over \$50,000,000 of American evaporated milk is piled up in New York. It cannot be sold for lack of export demand, and condensing factories are closing up all over the country."

American farmers, sockmen and dairy men face ruin due to recent price declines of their products unless protected from direct competition with cheap land and labor in foreign countries, the speaker declared.

ILLINOIS AMONG STATES WITHOUT RECOGNIZED TROOPS

National Guard Not Recognized by Federal Government

UNFAIR TREATMENT DURING WAR

(By The Associated Press) WASHINGTON, Nov. 26.—Fourteen states had no national guard troops recognized by the federal government on June 30, according to the annual report of Major General Jesse Carter, chief of the militia bureau made public today.

They were: Arkansas, Delaware, Illinois, Indiana, Louisiana, Massachusetts, Montana, Nebraska, Nevada, New Hampshire, New Mexico, North Dakota, South Dakota and West Virginia.

The recognized units of the guard had a total strength of 56,100 officers and men and at the end of the fiscal year the report said against an authorized strength of 106,300 great difficulty having been encountered in obtaining recruits during the year.

Antipathy Toward Military. General Carter noted general public antipathy toward the military as among influences against which their reorganization of the guard was proceeding. Discontent with the national guard service, he added had been fostered by "tales of unfair treatment during the war spread by men with grievances, many of which found their way into the public press."

Such complaints, General Carter said, could not be substantiated upon investigation.

Causes which retarded recruiting have been gradually overcome with the result that in June more than 5,700 new men were obtained, the report said.

Jealousies between National Guard units returned from overseas and those organized as home forces during the war have arisen the report said, the latter wishing to continue as guard troops and retain possession of the armories.

Steps to remedy this situation are being taken, General Carter said.

The situation of the engineer branch of the guard was far from encouraging thruout the year, the report said. One reason ascribed was "the extraordinary amount of manual labor required for the engineer organizations in the A. E. F. makes this branch unpopular among men eligible for admission."

BIG WHEAT ACREAGE SOWN IN KANSAS

Believed to be the Third Largest in History of State—This Despite Unsettled Prices.

(By The Associated Press) TOPEKA, Kansas, Nov. 26.—"Discouraging as is the agricultural situation generally because of undemonstrative prices for farm products, the acreage sown to wheat this fall probably ranks with the third largest in the history of the state," says a report issued by the state board of agriculture today.

The aggregate area shown this fall amounts to 9,892,441 acres, greater by 2,708,742 acres than the annual average for the five year pre-war period from 1909 to 1913, but is 6.3 per cent less than the 1919 crop, according to the report.

The general average condition of the fall sown wheat is given as 87.8 per cent. This is 8.7 points higher than reported on the growing wheat a year ago.

While the acreage shows a slight falling off, said the department, "it is simply a matter of getting back to pre-war conditions and can in no way be regarded as due to the farmers' strike."

STUDENT ORDERED HELD WITHOUT BAIL

PHILADELPHIA, Nov. 26.—Elmer C. Drewes, Dartmouth college senior, whose body with a bullet hole thru the head was found in the outskirts of this city October 17 came to his death "from a gunshot wound of the brain inflicted by William P. Brines," according to the verdict of the county grand jury today.

Brines, a sophomore at the University of Pennsylvania and a close friend of Drewes since their high school days was held without bail. He is 20 years old, a veteran of the world war, having served overseas in the marine corps.

Brines maintained the same stolid silence at the hearing that has characterized him since he surrendered on October 25. He declined to answer any questions after the verdict was rendered.

COLLEGE PROFS. TAKE HIKE IN SNOW STORM

CONGRESS MAY BE ASKED TO PASS LAW BARRING ALL ALIENS

Action Necessary as Passport Law Expires Next March

ACTION SHOULD BE TAKEN SOON

(By The Associated Press) WASHINGTON, Nov. 26.—If congress at the coming session is unable to enact legislation to restrict immigration, it probably will be urged by the house immigration committee bar all aliens from the United States temporarily, Representative Johnson of Washington, chairman of the committee, said today. Expiration on March 4 of the passport law he added, makes it imperative that action be taken to prevent the entry of undesirable immigrants after that time.

"The house and senate undoubtedly will keep busy until March 4 with appropriation bills," Mr. Johnson said. "It is generally agreed that an effort should be made to dispose of the immigration question but our bill probably will not be passed at least a week's debate in both the house and senate and for this reason may not reach a vote in both houses."

If the immigration bill is not enacted before March 4 it will be necessary in the opinion of Mr. Johnson to suspend immigration until the matter can be disposed of by congress, probably at a special session which congressional leaders expect to follow inauguration of President Harding.

The passport law which is serving a partial check to the influx of aliens automatically dies March 4. Mr. Johnson said it would be easy for aliens unless congress takes preventive steps to come into the United States as the literacy test and certain requirements regarding the physical fitness of immigrants would be the only restriction to immigration.

HARDING STUDIES DEFENSE PROBLEMS OF PANAMA CANAL

Spends Several Hours in Making Detailed Inspection

SEES BIG GUNS IN OPERATION

(By The Associated Press) ANCON, Canal Zone, Nov. 26.—Problems connected with the defense of the Panama Canal were studied by Senator Harding today during a detailed inspection of the fortifications at the Pacific terminus of the waterway and in conference with army and navy officers in charge of the zone forces. He spent several hours making a round of the defenses in company with Brigadier General Chase W. Kennedy and Rear-Admiral Marbury Johnston of whom he asked many questions on the capabilities and needs of the establishment.

The operation of the big guns was demonstrated to the president-elect and many problems of strategic policy were laid before him.

Accompanying Senator Harding were Senator Frederick Hale, member of the senate naval committee and Senator Joseph S. Frelinghuysen, chairman of the coast defense committee, his guests on the trip.

Late this afternoon Senator Harding returned by train to Crittobal.

OFFICIAL VOTE OF PENNSYLVANIA STATE

(By The Associated Press) HARRISBURG, Pa., Nov. 26.—The official vote of Pennsylvania state at the recent election shows that President-elect Harding received a plurality over Governor Cox of Ohio of 715,013, the largest margin ever given a candidate for public office in this state.

The total vote cast for all presidential candidates was 1,851,248, an increase over the total vote of 1916 of 553,956 indicating, according to state officials, that even with women having the right to vote many persons did not exercise their right of the ballot.

The Socialist vote for president was 70,593 as compared with eight years ago.

The prohibition vote for president was 42,612 as against 28,525 in 1916.

NORTHWESTERN'S FOOTBALL ATTENDANCE INCREASES

Chicago, Nov. 26.—Receipts of the four football games at Northwestern University this season totaled \$60,000, an increase of 33 1-3 per cent over 1919. Dana Evans, director of athletics, announced tonight. The Notre Dame-Northwestern game, the highest of the season, drew 16,000, and the Minnesota-Northwestern game \$10,000.

BOY SCOUTS VISIT ROOSEVELT'S GRAVE

Oyster Bay, Nov. 26.—Fifteen hundred boy scouts, under the leadership of national scout commissioner Daniel Carter Beard today marched to the grave of Theodore Roosevelt on a Memorial Pilgrimage. Each scout placed a cypressanemum on the ground near the late president's grave.

REDUCTIONS IN STEEL ANNOUNCED BY INDEPENDENTS

Many Pittsburgh Companies follow Jones and Laughlin

BELIEVE WAGES WILL BE REDUCED

(By The Associated Press) PITTSBURGH, Nov. 26.—Most of the independent steel companies have followed the lead of the Jones and Laughlin steel company of Pittsburgh with reduced prices on bars, plates and structural shapes today to the level of the United States Industrial board's prices for March 1919 or are about to do so, according to high steel authorities here.

Several of the larger independent interests have advised their sales offices in New York, Chicago, Philadelphia, Cleveland, and other cities, it was said, to accept the industrial board's prices.

The new prices adopted by the largest independent interests and made effective today are: Steel structural shapes \$2.45; plates \$2.65 base Pittsburgh. Adjustments in prices of wire, and cold rolled steel are to follow.

No reduction in wages is contemplated immediately, according to the best information obtainable. It was freely predicted by steel officials however, that a wage reduction is inevitable within the next few weeks.

The new selling prices are not comparable with previous prices on fixed basis as some of the independents have been asking as high as \$4 for bars, plates and shapes, it was reported and others have been receiving more conservative prices, ranging between \$3 and \$3.25.

Feeling of Satisfaction. The general feeling thruout the trade here is one of satisfaction at the decision to reduce prices to the same level as the steel corporation which has not asked prices above those fixed by the industrial board. It is believed here now that the immediate result will be to stabilize the steel market and that the move made today is the beginning of the readjustment in the steel trade. The sentiment here seemed to be that the bottom level of prices has been reached and that as soon as wages and other costs are lowered, the industry will move forward into a new period of prosperity based on the requirements of the build-trade the rehabilitation of the railroads and export business to European countries and the Orient.

A feature of the situation is the continued steady demand for steel pipe and all tubular goods. Steel officials said for which their is heavy buying in the oil industry and also in the building trades. A firm demand for these it was said and for certain wire products, notably nails has resulted in the prices on these commodities not being reduced to the industrial board's prices.

ANTI-CIGARETTE LAW TO BE TESTED

Kansas Law Will be Carried to United States Supreme Court—Law Now Being Enforced.

(By The Associated Press) Topeka, Kan., Nov. 26.—The Kansas anti-cigarette law will be tested before the supreme court of the United States attorneys announced today when the state supreme court announced a writ of error which permits an appeal to the federal court.

The federal court will be asked to decide whether a state can exercise its police powers in prohibition of the use of tobacco in one form while permitting its use in another. The state supreme court decided that the anti-cigarette law does not violate the Kansas constitution.

Immediately following the state supreme court's decision, Miss Lucy Page Gaston, of Chicago, representative of the National Anti-Cigarette League began a campaign in the state to have the law enforced. Local officers have conducted raids, confiscating cigarettes and prosecuting vendors in various parts of the state.

GUESTS AT WOMAN'S COLLEGE

Mr. and Mrs. J. E. MacMurray of Chicago were in the city yesterday and were visitors at Illinois Woman's College, of which institution Mr. MacMurray is one of the trustees. Mr. MacMurray has been elected state senator from one of the Chicago districts, succeeding Senator Hull. The visitors left last night for Springfield.

RAILWAY WORKERS WILL SEEK REINSTATEMENT

Belfast, Nov. 26.—The London-derry employees of the Loughlough railway at Donegal have decided to seek reinstatement. This will be the first breaking away from the Irish railwaymen, who decided some time ago not to carry armed forces off the Yewrow or munitions.

ILLINOIS RAILROADS ORDERED TO RAISE RATES WITHIN STATE

Will Place Passenger Rates on Same Level As Interstate Rates—Attorney General Brundage Will Take Action to Keep Rates Down—May Go to U. S. District Court

WASHINGTON, Nov. 26.—Illinois railroads were ordered by the interstate commerce commission today to increase passenger fares on traffic within the state to the same level as interstate rates.

The commission's order, effective on or before January 10, was issued with its decision on the petition of the Illinois roads asking the commission to overrule the Illinois commission which refused to fix intrastate passenger rates on the basis of increased interstate tariffs. The intrastate fares were found by the federal commission to be "unduly preferential of interstate passengers, unduly prejudicial to interstate passengers, and unjustly discriminatory against interstate commerce."

Questions relating to freight rates, commutation and excursion fares were reserved by the commission for later determination. Under this decision passengers within Illinois will be increased 20 per cent and the surcharge of 50 per cent on Pullman traffic will be established.

Tornado Hits Beaumont, Texas

(By The Associated Press) BEAUMONT, Texas, Nov. 26.—One person dead, another missing and property loss of approximately \$100,000 as the result of a tornado of two minutes duration which struck late today at Port Arthur, Texas, a port near the coast and on Sabine Lake. A portion of Port Arthur canal and dock companies sheds were demolished by the storm.

LEGION OFFICERS CHARGE GOVERNMENT LAX IN ITS WORK

"Distressing Situation" in Soldier Relief Work

GOVERNMENT HEADS ATTEND MEETING

(By The Associated Press) WASHINGTON, Nov. 26.—Charges of American Legion officers that a "distressing situation" exists in the government's conduct of efforts for the relief of disabled service men were discussed here today at an executive session of officials concerned, Colonel F. W. Galbraith, National Commander of the Legion and a special Legion committee.

The heads of the war risk insurance bureau, federal, vocational, educational board, the public health service, and the surgeon generals of the army and navy attended.

Upon the conclusion of the conference the Legion officers participating went into a separate executive session to frame legislative recommendations that will be made to congress concerning the situation.

PIONEER NEWSPAPER REPORTER PASSES AWAY

Chicago, Nov. 26.—Charles Gritman, pioneer newspaper reporter who was claimed to have furnished Hall Caline, with the plot for his novel, "The Eternal City," died here today. Gritman tried to obtain a share of the royalties when the novel was published, but his claims were not allowed. He was 57 years old and began newspaper work on the Chicago Inter Ocean, no longer published; forty years ago.

Governor Asked To Round Up Deserters

SPRINGFIELD, Ill. Nov. 26.—Gov. Frank O. Lowden today received a letter from the war department at Washington directing that immediate steps be taken to apprehend and bring to trial draft registrants in Illinois guilty of willful desertion.

The governor declared he believed many men of this state now included in the deserter list are only technical deserters by virtue of their enlistment in the navy or marine corps and by their failure to notify their local boards that they had volunteered for service. These men however, were classified as deserters the actually in service, Governor Lowden said. He said these men by writing directly to the war department can have their names cleared from the government's list of deserters.

"A large number of the men during the first part of the war failed to report for duty because of ignorance of the draft act," the governor declared. "As widespread and complete information was given to the country a great number of such men later reported to camps for service. A certain percentage of registrants died after their induction order had been mailed and other registrants served in the military or naval force of some of our allies. Even during the actual progress of the war by reason of the discovered situations the war department was able to dispose of cases of 163,000 men who had been reported as deserters. Out of 34,000,000 registrants, the maximum number now chargeable with desertion is less than one percent of the total registration."

The governor said he felt deeply the responsibility of exhausting every practical means of eliminating names of innocent men from the list of draft deserters before they are published and proceeded against.

"To publish the name of a man who actually served his country honorably during the war would do him an irreparable injury, as no subsequent announcement by the war department or the individual could completely remove the blot from his name or mend his damaged reputation," Governor Lowden added.

W. Va. Governor Asks For Troops

CHARLESTON, W. Va., Nov. 26.—Governor John J. Cornwell announced here tonight that he had asked the government to send federal troops into the Mingo county, W. Va., coal strike zone, and added that as soon as the soldiers took charge he would ask President Wilson to declare martial law.

Federal troops controlled the Mingo region for some time, but were withdrawn about six weeks ago when the situation quieted down. Since that time many disorders have occurred a number of persons have been shot and killed and gangs of unidentified men have attacked coal properties.

The state government is totally unable to cope with the situation in Mingo county, the governor said.

"I hope with all my heart," he added, "that martial law will be declared immediately after an investigation has been made, but I am totally unable to venture an opinion upon what eventual military action will be."

The governor said that he had

conferred with Mingo county officials on the situation a week ago when he made the request for troops and that they had expressed the opinion that the soldiers could handle the situation without martial law. In his statement tonight the governor said he did not concur in that view, "for the time of temporizing is past."

Troops Held Ready to Depart. Chillicothe, O. Nov. 26.—A provisional battalion of 400 picked men from the Third and Ninth Infantry Regiments were prepared tonight to leave Camp Sherman early tomorrow for Williamson, W. Va., where the troops will be used for strike duty in the Mingo county coal mine district. The detachment is equipped for an indefinite period of service.

Major R. S. Binford of the 19th Infantry and Captain E. L. Brine for the 40th Infantry are already enroute to Williamson, where they are to investigate the seriousness of the situation. The provisional battalion will be under command of Major Binford upon its arrival in the strike region.

The manner in which they are fighting crime in Chicago now demonstrates what can be done when there is a real will to do it. With federal, state and city officials uniting it is certain that gunmen can be put to route and other kinds of criminals also made to know that there must be respect for law. In the last there has been laxity and a lack of cooperation.

The latest bequest of Mr. Rockefeller for public work places millions in a fund to aid the condition of women and children. The establishment of such a foundation is significant of the times and will make possible a vast amount of work while philanthropic, educational and research work. The oil magnate is following the wise plan of apportioning most of his wealth while he is still here to have some knowledge of its distribution.

Now the trappers, discouraged by the prices offered for hides, are failing in their activities. Fur dealers see in this condition the certainty that in another year furs will be higher.

The official canvas shows an Illinois record the Republican party will have a most difficult

time in duplicating with \$90,000 majority for Harding and more than 500,000 for Governor-elect Small.

Chicago in its effort to increase revenues will insist upon the collection of a wheel tax. Such a law has been on the statute books, but it seems that very few of the 200,000 pleasure cars and 75,000 trucks have been paying this tax. The coming year there is to be strict enforcement, with the double plate system and the big resulting fund will be available for city expenditure.

Evidently there is also the purpose to secure additional funds thru increases in the valuation of property. Oscar Hewitt, special writer for the Tribune, is now in New York City and the trend of his article shows surprising comparisons between assessed valuations in Chicago and those in the eastern metropolis. Chicago property is listed at about one-sixth the value of that in New York, although there is a much greater similarity in population and the volume of business done.

Certain organizations are said to be at work now formulating plans for legislation to compel a much more rigid observance of Sunday in a nation wide way. This is a question with a great many more angles than national prohibition and its sponsors will act wisely if they move with caution.

The blue laws of the earlier days in America cannot with safety be revived. We do not want a continental Sunday in this country but differing views and differing conditions in relation to Sunday observance must be taken into account.

News stories recently have made much of the fact that a deaf mute employed in a commercial institution was able to draw his regular salary and at the same time work out a plan

whereby he defrauded his employer out of a goodly sum of \$25,000. But really that is not as wonderful as the record of a deaf mute is making in an Akron banking house.

One known locally was taken there by Allan F. Ayers, placed in charge of a department, and is building up an extensive patronage. Thousands of deaf mutes are employed in that city, but this man has not limited his efforts and he is establishing banking relations with deaf mutes in all parts of the U. S.

Senator Calder, who is chairman of the coal investigating committee, proposes national control of the industry because operators thus far have shown no inclination to carry out suggestions made by the committee. In Indiana the state law fixes the price at which fuel of the several grades shall be sold within the state.

Thus far operators have not been able to make the law non-effective, but its enforcement has resulted in much of the coal produced in Indiana being shipped into territory outside that state. This trouble can be remedied if three national legislation other states are given authority to fix prices, or if the states themselves take on that function. Certainly some things in the operation of the coal industry warrant special legislation for their control.

A WOMAN IN THE CABINET

"It would be possible and profitable for congress to create an addition to the cabinet to be known as the Department of Social Service, says the Republican publicity Association. "This might include the Woman's Bureau and Children's Bureau, now in the Labor Department, the Bureau of Education now in the Interior Department, local Washington hospitals and schools supported by the government and now under the jurisdiction of the Interior Department, the Public Health Service now in the Treasury Department, the Federal Board of Vocational Education now a separate and woefully mismanaged institution, the U. S. Interdepartmental Social Hygiene Board, and possible the U. S. Employees' Compensation Commission now presided over by a woman.

From various sources have come suggestions that Senator Harding should appoint a woman to his cabinet. Those who advocate such a departure from precedent have much sound reason on their side. Almost half of the votes that elected Senator Harding were cast by women; henceforth they will have an equal voice with the men in shaping national policies; in various executive positions in state and national government they have demonstrated their efficiency; a woman will be a member of the next congress, and it is probable that never again will that body be without a woman member; and in other ways the women have established a right to be represented in the President's advisory board, the Cabinet.

"But it is equally plain that most of the departmental work now is quite foreign to women's present experience, and deals with matters which almost wholly concern the masculine members of society.

"It would be eminently fitting should a Social Service Department be created, to appoint a woman as its head. Practically the entire work would deal with teaching, nursing, and women's welfare, subjects that can better be handled by the gentler sex. The public welfare would be served by the change, other departments would be relieved of duties more or less foreign to them, and an opportunity would be given Senator Harding to enlist the assistance of the women of the country by appointing one of their number to his Cabinet."

been on deck; and when a man has lived that long his cylinders are hitting wrong in thirteen cases out of ten, but he's a wonder to all men, for he is chipper, bittie and spry, and we all stare when he goes by. And if you ask him for the truth concerning how he's kept his youth, he'll say, "I never smoked or chewed, and no one ever saw me stewed." And this should teach us how to hold the health of youth, which is life's gold. Better the flagon and the pipe if you would reach an age that's ripe! But now add Gaffer Todd appears, and he has lived for ninety years, and he's so brisk and full of pep it thrills us when we see his step. "How have you lodged," I ask this Todd, "a resting place beneath the sod?" "I've always chewed and smoked," says he; "I like a drink and sometimes three." And thus we learn, so help us Mike, that we should do just as we like, if we would live to ninety years with supple joints and active gears. Some men, methinks, are pre-designed to leave a hundred years behind, and they will see the journey thru—makes no difference what they do.

FOREIGN WAR VETERANS GAVE SUCCESSFUL DANCE
Members of the local post of Foreign War Veterans gave a dance at K. C. hall Thursday evening. The hostesses were Misses Turner, Waverly, and Misses of the Service Star Legion were the hostesses and more than 265 persons were in attendance. An excellent program of dance music was furnished by Dunlap's orchestra during the evening. The proceeds from the admission fee amounted to a goodly sum and this will be used for the purchase of standards for the post.

The refreshments booth, in charge of the Service Star Legion, was well patronized, ice cream, cake and soda pop being dispensed. At 12:30 a dozen cakes, which remained unsold, were auctioned off and brought an average price of \$3 each. The money realized from the sale of refreshments will go toward the purchase of trees for Victory drive.

Get the school boy one of those sheep lined coats. Just the thing for winter.

Deaths

Lawson.

George W. Lawson, son of Andrew and Ava Lawson, was born Sept. 18, 1842, near St. Joseph, Mo. He came to Morgan county, Ill., with his parents when but one year old, spending his remaining life in Morgan county.

He was married to Mary E. Patterson, March 4, 1864. To this union was born eight children, seven sons and one daughter, four sons preceding in death, three sons and one daughter survive to bear the loss of the father by his death Nov. 24, 1920, after short illness. While in failing health for several months he was able to be up and about until three days before his death.

His wife preceded him in death April 11, 1919, at the age of 76 years, 1 month and 15 days. His sister, Mrs. Talitha Cochran, has kept house for him since the death of his wife. Besides the children he leaves 23 grandchildren and one great grandchild, also five sisters, Elizabeth and Sophia of Manchester, Lucinda of Iowa, Caroline of Springfield, Talitha at home, and one brother, William, of Des Moines, Iowa.

When the call came for soldiers in Civil war, he enlisted in Co. B, 27th Ill. Inf., in 1861, serving three years and six months, receiving three bullet wounds while in the service for our country.

As a neighbor he was much appreciated, being strictly honest, and a generous neighbor, ready at all times to favor and accommodate a neighbor.

Funeral services were held from the Baptist church in Murrayville at 2:00 p. m. Thursday, Rev. Peak of Manchester officiating.

Floral offerings were cared for by Misses Elsie Walker, Sadie Patterson, Beatrice Patterson and Irene Craddock. Pall bearers were: Messrs. J. F. Worrall, W. Walker, Calvin Hart, John, Edward and James Dobson. Interment in Ethel cemetery.

ILLINOIS COLLEGE LOST TO SHURTLEFF

Are Defeated 13 to 6 in Game Shortened by Officials—Eight Minutes Cut of Last Two Quarters.

Eight minutes cut off of the last two quarters, enabled Shurtleff to defeat Illinois College at Alton Thanksgiving day by a score of 13 to 6.

Coach Harmon protested the ruling of the referee as no understanding was had before the game started about reducing the time of the quarters. Illinois did not display much football in the first half and allowed Shurtleff to make two touchdowns. In the second half they braced and Jimmy Barnes made a sensational run of 75 yards for the Blue and White's only touchdown. However, Illinois was rapidly advancing towards Shurtleff's goal and undoubtedly would have tied the score or perhaps won the game if the snafus had been of regulation length.

The lineup for Illinois was: le, Fanning; lt, Burrus; lg, Gunn; c, Fiedling; rg, Andrew; rt, Reid; re, Mellon; rh, Barnes; lh, Scott; gb, Cully; fb, Rodgers.

Shurtleff's lineup was: le, Milford; lt, Goodfell; lg, Wilderman; c, Horstman; rg, Telly; rt, Reilly; re, Christian; rh, Wells; lh, Walton; qb, Crum; fb, Enos.

WENT TO BOTTOM AND WORKED OUT

Declares the New Medicine Drecto Has Benefited Her Very Much—Relieved Constipation, Backache, Nervousness and Gas in the Stomach.

"I have received splendid relief from catarrh of the head and nose since taking Drecto, and have also found that it has built up my system in general," said Mrs. Lena Ingram, living at Oakwood, Ill., near Danville.

"I noticed that I'm not stopped up so bad in the morning and my headaches have left me. Drecto has also acted very pleasantly on my constipation, relieved the gas in my stomach and overcame the dizziness from which I've been bothered. In fact my whole general health is better and I strongly endorse Drecto as being a splendid tonic."

It is noticed after taking Drecto that the digestion improves, gas stops forming in the stomach, that full, choking feeling ceases, and the entire system seems rejuvenated.

Drecto being made from natural herbs, juices and extracts, acts on the vital organs in a natural way, causing them to lay aside their sluggishness and perform their proper duties. That is why the results from Drecto are lasting. It does not just excite the organs to temporary activity, but gives them tone and strength to continue their work.

All druggists now sell Drecto and it is being especially introduced in Jacksonville by Coover Drug Co. and J. F. Shreve.—Adv.

Mrs. Nancy Sharp, of Los Angeles, who says she received one of the greatest surprises of her life when Tanlac completely restored her health after she had almost lost hope of ever getting well. Declares she suffered for twelve long years.

"After seeing the wonderful results my husband obtained from Tanlac I began taking the medicine myself, and now we both agree that it is the grandest medicine on earth," said Mrs. Nancy Sharp, a prominent and highly esteemed resident of Los Angeles, Calif., living at 921 Camulus street, whose husband is proprietor of the Merchants' Express Co.

"During the twelve years that I suffered with indigestion and stomach trouble I tried nearly every medicine I heard about, but nothing helped me and I lost faith in everything. So, my wonderful restoration to health has been one of the greatest surprises of my life."

"I began to feel an improvement on finishing my second bottle of Tanlac, and now after taking six bottles I am like a new woman. I have a splendid appetite, eat three hearty meals a day, enjoy them thoroughly and am never troubled in the least with indigestion or any other disagreeable after effects."

"Before taking Tanlac most everything I ate caused my stomach to rebel and I would suffer for hours afterwards. I was so dreadfully nervous that many nights I never closed my eyes in sleep, but now I am not the least nervous, and I sleep like a child. My strength has been wonderfully increased, and I have much more energy."

"I just wish it was so everybody troubled like I was knew about this wonderful medicine."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve Drug Store.—Adv.

Chicago Manufacturer J. E. MacMurray Addresses Rotarians Here Friday.

That prices in the United States will generally revert to a basis of about 50 per cent higher than that previous to the world war, is the belief of J. E. MacMurray, president of the Acme Steel Goods company, Chicago, who addressed the regular meeting of the Jacksonville Rotary club Friday at the New Pacific hotel. Mr. MacMurray's talk was entirely along the lines of present day business conditions.

He told the Rotarians that although prices will go down some, they can

The meeting was one of the most interesting of the year, the Rotarians agreed. This was due to the fact that the meeting was thrown open to discussion of questions foremost in the minds of all business men. The meeting was carried on along the open forum lines.

Among the members who spoke were H. M. Capps, W. E. Sullivan, J. S. Hackett and others.

Mr. MacMurray, besides being head of the Chicago concern, is a trustee of Illinois Woman's College. It was business connected with that institution that brought him to Jacksonville. He recently was elected to the Illinois Senate.

Guests at the luncheon were Hon. James H. Kirby, Petersburg; Larry Crouse, Aurora; Carl Sommer of St. Louis, secretary of the Majestic Stage company and Homer Potter of this city.

When "Gets-It" Comes Corns Go

Painless, Sure, Quick is this 2-Drop, 2-Seconds Wonder.

There isn't room on the same toe for a corn and two or three drops of "Gets-It," so the corn curls up, and peels off in your fingers so easily that you are simply astonished, because you can't feel it.

Don't Be a Corn Cripple—Use "Gets-It"

You actually wonder whether it can be true that you went along for months enduring such misery when you could have had such easy and quick relief. Do you doubt? Prove it to your risk. Your money cheerfully refunded if "Gets-It" fails. Be sure you get the genuine. There is nothing else like "Gets-It." Sold by druggists everywhere; costs but a trifle.

HARVEY MINSTRELS AT GRAND SATURDAY

With Frank Kirk, "Slim Jim" Austin, Ivy Richardson, Harry Fidler and Leland Goldman, the comedy end of the Harvey Greater Minstrels would be superior to other minstrel shows. After all there cannot be too much comedy in a minstrel, provided, of course, it is clean cut and of an irresistible kind.

Manager Harvey is justly proud of all talent he has secured, and although it is expensive to pay high salaries to so many clever people, yet it is a lot of satisfaction to the manager to feel assured that no matter where the Harvey Greater Minstrels play, it is going to please the patrons.

However, none of the above coterie of experts are funnier than Frank Kirk as he is playing the banjo and singing with a lighted cigar in his lips, that he apparently swallows the cigar and continues to sing as smoke pours forth from his mouth like lava from a volcano.

Kirk's performance is clever but likewise is the work of Alonzo Moore the man of mystery, the four old men dancing, and wonderful work of Edwards and Edwards on the wire.

WHITE HALL DEFEATS ROODHOUSE 26 TO 0

A large and orderly crowd saw the football game at White Hall Thanksgiving Day, when White Hall defeated Roodhouse 26 to 0 in a fast, snappy game. The marked features of the game were, that although both teams played hard and consistent football, there was no "roughing" or any unsportsmanlike playing. White Hall made three of her four touchdowns on forward passes. Both teams were penalized frequently for holding.

The Scottville team won a hard fought victory over White Hall seconds by a 14 to 13 count. The officials for the game were: Referee, Fuller of Carrollton; umpire, Pauly, Illinois college; Whiteschek, Illinois college, headlinesman.

EDITH McDONALD TO APPEAR HERE NOV. 30

Noted Soprano and Other Artists Will Give Concert at Music Hall, I. W. C.

Miss Edith McDonald, soprano, Miss Olive Robertson, pianist, and Charles Young, violinist, will be heard in an unique recital at Music Hall, Illinois Woman's College, on the evening of Nov. 30.

Miss McDonald is one of the most promising young sopranos now on the concert stage. She is a daughter of the South, coming from the state "way down yonder" Mississippi. Miss McDonald has steadily forged her way forward in the concert field and is proving a decided favorite. When not on tour Miss McDonald is soprano soloist at Christ Church, New York City, where she is a great favorite.

Miss Robertson is a pianist of marked ability, and Mr. Young always pleases with his violin selections.

Admittance to the recital will be by card of introduction only.

THANKSGIVING SERVICES HELD

Large Congregation Gathered In Northminster Church Thursday Morning—Sermon by the Rev. T. H. Tull.

An appreciative audience gathered at Northminster church Thursday morning to participate in the union Thanksgiving exercises. The program as announced, was carried out in a very capable manner the musical numbers being of a superior order of merit. Both vocal and instrumental performers did their respective parts with signal ability.

The sermon of the occasion was an able effort, delivered in a forceful manner by Rev. T. H. Tull, pastor of Grace M. E. church. The pastors of the various churches of the city were present, together with the evangelist, assisting in the meetings at the

first Baptist church and each had a part in the opening exercises. Mr. Tull took for his text, Deut. 16-14: "And thou shalt rejoice in the feast, thy sons and thy daughters, thy man servant, thy maid servant and the Levites and the stranger and the fatherless and the widow that are within thy gates."

He said in part: This command had reference to the feast of the tabernacles which was an important festival in the Hebrew calendar. Early were the people taught to be thankful and at the same time to make the demonstration of their thankfulness an occasion for rejoicing and remembering the unfortunate. This year it is especially fitting that we recognize the ter-centenary of the landing of the Pilgrim fathers upon the eastern shores of our continent. A few years following they had enjoyed good crops and a fair degree of prosperity, and as a manifestation of their gratitude they proclaimed a day of thanksgiving. They invited Massachusetts and a good number of Indian neighbors to the feast. The visitors brought venison, wild turkeys and other game and there was a great abundance, and thus was the day inaugurated and the custom first observed.

Pilgrims Were Peaceable
The Pilgrims were a peaceable, gentle people, somewhat unlike the Puritans, who were more belligerent. Many noble men and women there were among them. Winslow, Robinson and others, and they endeavored to follow their divine Master. Their weapon was love and on the other hand the children of the Puritans have no cause to be ashamed of their ancestry. Very largely to them is due the measure of freedom enjoyed by the English people. Milton, Cromwell and men of like stamp were the representatives of Puritan blood. They demonstrated that law and order can exist with liberty. The pact signed in the Mayflower was the germ of the Declaration of Independence, and to the sturdy men and women

who came over in that ship this nation owes an immense debt of gratitude. The schoolhouse, the church, the college, laws and customs came from them to bless future generations.

Judea is a small country, yet the city of Jerusalem still exists while Babylon, Ninevah and many other mighty cities of old are heaps of ruins.

And now what of our nation today? Grand and glorious is the heritage handed down to us; this is the land of the free, and to it have come millions of immigrants from the old world; at first the cream of the land they left, but not so today, and we must see that the new arrivals are duly assimilated. We have evils in our midst; insidious and open enemies of free government who would willingly destroy the union.

We have great cause of thanksgiving today. We have good crops; our people are generally prosperous; peace is proclaimed in the land and all have an opportunity to secure the best there is. The ballot has killed the saloon, that deadly enemy of mankind, and sentiment for temperance exists and must be allowed to pass away. Our future is safe if we will make it so. Our public schools should be places where useful knowledge is taught and where principles of morality predominate. Christ must be acknowledged the savior of mankind and our land will have a glorious future.

MRS. M'ELFRESH DIES THURSDAY MORNING

Aged and Respected Resident of City, Widow of Late Rev. McElfresh, to Be Buried Today.

Mrs. Matilda McElfresh passed away at ten minutes past two o'clock Thanksgiving day at the family home, 629 South Hardin avenue.

Mrs. McElfresh, whose maiden name was Matilda Jane Brelsford, was born in Dublin, Ohio, April 2, 1833, the daughter of Abner and Eliza Brelsford. Her mother dying when she was but seven years of age, she was placed in the family of her uncle, the well known George Ebey of Winchester, Ill. Here she grew to womanhood, receiving her education in the Scott county public schools and in the Illinois Woman's College in this city.

At the age of fifteen she was converted under the ministry of the Rev. I. C. Kimber and joined the M. E. church.

In October of 1853 she was united in marriage with the Rev. William McKendree McElfresh and for forty-four years, the period of their active service in the church, Mrs. McElfresh was in the highest and finest sense of the word the helpmeet of her husband, giving of herself without stint in every form of loving, Christian service to the people among whom they jointly ministered.

Four children were born of this union, two of whom, Ella and Belle, died in infancy. Annie, who grew to womanhood, preceded her father and mother in death some seventeen years ago.

The Rev. Mr. McElfresh passing away eleven years ago, Mrs. McElfresh has continued to reside at the home in this city to which they had retired when their active work in the church was over. She was happily spared many of the infirmities which come with advancing years and she never lost the sweetness of soul nor the sunniness of outlook which had characterized her life through and which endeared her beyond words to neighbors and friends.

The funeral services will be held this afternoon at two o'clock at Centenary church.

LARGE CROWD ATTENDED HIGH SCHOOL CARNIVAL

Thanksgiving, the day that all the High school students look forward to for all their crowning activities of the year, passed in a way that was most gratifying to them after their hard season's work.

The local eleven nicely defeated their opponents on the gridiron, the Lord answering their prayers that they would defeat their former coach's team.

Thursday night the largest crowd that a High School carnival has ever had in attendance witnessed the most successful entertainment that was ever held in the history of the school. There was a good attendance at all the side shows and the main floor was crowded to capacity.

The Freshman stunt was the first on the program and not even the Freshmen know what their class was going to have for their part of the evening's entertainment. The life shown in the stunt was one of sorrow, having a quieting effect on the audience.

Next followed the Sophomore stunt, letting you see and understand a play by seeing only the feet of the actors. One girl and two lovers cleverly made the plot for the stunt.

And then the Juniors stunt. The famous green admit slips were brought into play. According to the play, the green slips could do anything. Let you into classes when you were late and even make fat people thin and thin people fat. The clever way this was done surely must have astonished the green slips themselves.

The Seniors stunt followed last. The Seniors stayed by the old custom of having a minstrel show for their part in the program. The cast consisted of five end men and Carl Richards for the interloper. The minstrel was one of exceptional merit and at least equalled any that has ever been staged by a Senior class. The five end men kept you laughing from the start of the show until the finished. It seemed as though what one of them could not think of the others could.

After the main acts the fortune teller booth, the wonderland and all the rest of the side shows were kept busy until a late hour, making money fast for the school.

Rheumatism Comes

From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

Medical scientists differ as to the causes of every form of rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment is to cleanse the blood of its cause.

A very common form of rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is

one which cleanses the blood of these germs and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 826 Swift Laboratory, Atlanta, Ga.

**Exclusive
Columbia Designs**

The Streamline Cabinets of Columbia Grafonolas place them in a class by themselves. They are all in perfect accord with modern artistic furniture design. Their beauty is the outward sign of their inward excellence.

The following *exclusive* features place Columbia Grafonolas beyond the bounds of competition:

Tone Leaves that give you complete and accurate control over tone volume.

Scientifically Correct

Acoustic Designs which insure that the Grafonola will always give you *reproductions* of exactly the music the artists themselves *produced* on the original wax in the Columbia laboratories.

And—

The Only Non Set Automatic Stop. Operates on any record, long or short. Never stops before it should. Always stops at the very end. Nothing to move or set or measure. Just start the Grafonola, and it plays and stops itself.

Ask the nearest Columbia dealer for a demonstration of the stop that needs no setting

A VOICE FROM THE 101ST
C. N. Wyatt has kindly loaned the following letter to The Journal and it will be of interest to many:
Atwater, Ill., Nov. 14, '20.
Mr. C. N. Wyatt,
Dear Friend: In looking over the Illinois State Journal for Nov. 9th, I see that the great and grand old county of Morgan has completed and dedicated a monument to the memory of veterans of the Civil war, which makes me feel more than ever that I am still alive and that I once in 1862 camped in the fair ground called Camp Duncan. Charles H. Fox was the colonel and G. W. Fanning was my captain but both soon resigned. John B. LeSage was our last colonel and James L. Wyatt was my last captain.
Co. F 101st Ill. Vols. I went the whole hog and was discharged at Camp Butler, June 22, 1865. Hurrah for old Morgan county! May the sun that kissed the dew for those many years still shine upon her and bless her and may the cyclones of fortune ever sweep over her and the rivers of love and patriotism ever flood her in the years to come, long many years after the last one of those old, trembling bodies have answered the last roll call.
Please, if you should ever meet any of the old boys of the 101st give them my very kindest regards and a comrade's love and tell them that I still have in memory as vividly as ever the old flag in the camp, on the march and on the battlefield still floating in the breeze and my patriotism is still solid and unbroken.
While the wintry winds of old Germany have blown swift currents of her poisonous breath near our own shores and Mexico, Japan and Russia have cast wistful eyes in our direction our flag still waves.
The moonlight beams on rippling streams away back in Morgan county.
In midnight dreams to me it seems, I am away back in Morgan county.
In meadows green and woodland way a child again I romp and play away back in Morgan county.
The morning's light, despite the night, the sun doth dawn in Morgan county.
The sun grows bright and scales the height, 'tis morn in Morgan county.
In meadows, forest, hills and town its brightest rays it seems to crown till darkness drops its mantle down 'tis dark in Morgan county.
In foreign lands, on foreign strands far distant from Morgan county
Like unseen hand love's iron band still draws me to Morgan county.
Travel east or travel west still we love best the land where we were nursed at mother's breast, for me that's Morgan county.
My heart beats high for there I shall spend the days of my life's sunset for we may leave but cannot forget the land of Morgan county.
The years have passed with changes vast since days in Morgan county
But now at last I'm speeding fast back home to Morgan county

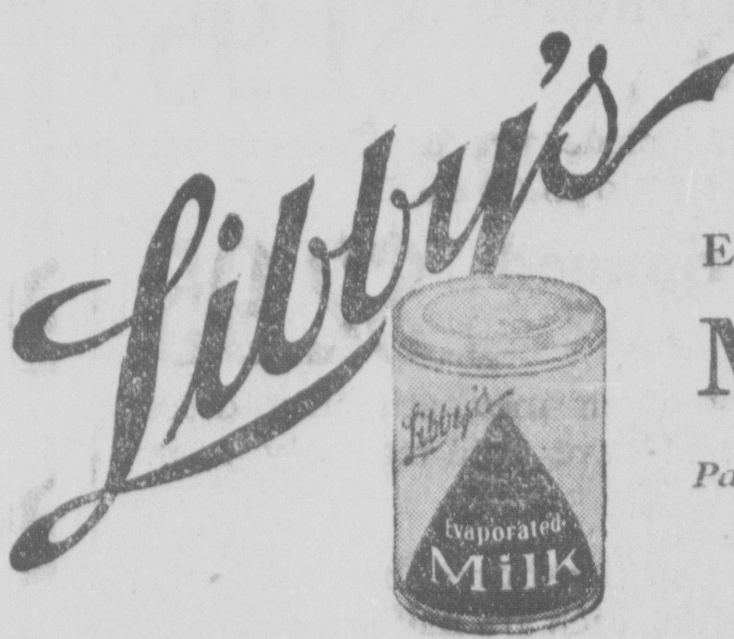

The land, the blessed land the Lord prepared for mortal man was patterned after the plan of Morgan county.
Henry Cornwall, Co. F, 101st Ill. Vols.

How other women are solving the milk problem
THOUSANDS of women have discovered in the last few days an *unfailing, abundant supply of pure, sweet milk.* They have been using Libby's Evaporated Milk, getting it at the neighborhood grocer's—and have been amazed to see how successfully this rich milk takes the place of ordinary milk and cream!
Many a Youngstown family has found that the creamed potatoes tasted unusually rich made with this new milk! Or that the coffee was better than usual, or the custard pie noticeably richer and smoother!
Libby's Evaporated Milk is so rich and creamy itself that it makes everything in which it is used more appetizing.
Fine, rich milk is selected by the Libby experts, from the famous dairying sections of the United States. Then, from this pure, rich milk more than half the moisture is evaporated—but nothing is added. That is why, to reduce Libby's Evaporated Milk back to the consistency of ordinary milk, you add a little more than an equal quantity of water.
For cooking, or wherever you want milk, dilute Libby's Evaporated Milk with an equal quantity of water. For coffee, or wherever you want cream, use Libby's Evaporated Milk undiluted.
For children, dilute Libby's Evaporated Milk with a little more than an equal part of water.
Let Libby's Evaporated Milk solve *your* milk problem, too. Get a supply from your grocer today.

On Square—Union Thanksgiving
Services Today—Other
News From Greenfield.

Greenfield, Nov. 26.—H. C. Roth, our new baker, has purchased the building on the southwest corner of the square from Mrs. Lottie Doyle for \$4,750. It is a splendid business location and means much to the city, as it assures us a permanent bakery. Mr. Roth will use the upstairs for his family.

Union Thanksgiving services were held at the Presbyterian church Thursday morning at 10:45. Rev. J. W. Armstrong of the M. E. church delivered the sermon.

Mr. and Mrs. William Rafferty and children spent Sunday with Logan White and family near Short.

Mrs. Helen Ford and children spent several days last week with her father, Frank Masters, of Lynnville.

Miss Pearl Bernes has purchased the John Green property on South College street, the consideration being \$2,000.

Mrs. Guy Secor and her twin daughters, Frances and Florence, were happily surprised on their birthday last Monday evening when the Lafollet club arrived at their home with oysters and all of the trimmings for an oyster supper, which was greatly enjoyed by all present.

DOKAYS GATHER HERE THURSDAY AT CEREMONIES

Hannibal Lodgemen Join Uderim Temple Members in Thanksgiving Observance.

Thanksgiving day will long be remembered by the members of the D. O. K. E. who were able to be present at the ceremonial Thursday evening as those present had a most enjoyable time. The temple of Hannibal had been invited to be present and confer the work and like all good Doky temples, they were present with a large delegation. Fifty-five of the boys came on the morning train and were met by the local boys in automobiles and given a trip into the city. The three state institutions, the new lake and the park were places of interest that were visited.

At the noon hour all were taken to Castle hall for luncheon and in the afternoon all were entertained by home members. During the day many visitors came in from nearby towns, twenty-five coming from Roadhouse.

At 4 o'clock the meeting was called to order and L. O. Vought acting as Royal Viceroy. He took care of the business session of the meeting and extended a warm welcome to all visitors, after which Dr. Frank L. Hall and officers took charge and gave the ritualistic work. Although El Mark Twain was just instituted last March, the officers of this temple with their helpers much credit to veterans and give promise to some of the best officers to be found anywhere.

The following candidates took the work, five of which were from Hannibal and six from the local temple: Walter Dodson, W. H. Rutherford, O. Z. Smith, Charles Munson and N. F. Ketter of Hannibal and Dr. B. H. Goiggs, R. B. McKinney, Walter Smith, Harlan Battershell and O. L. Lewis of this city.

During the evening the name of Harry McLeelan was mentioned, he being the member of El Mark Twain temple who lost his life the first of the week by coming in contact with a live wire. As he left a wife with three small children a collection was taken up and a sum of \$109.38 was secured and sent to the wife.

Tolphi was given by Frank Bracwell and John Bradford and their assistance and was given a fine rendition which received a hearty applause from all.

At six o'clock the turkey dinner was served to about two hundred and sixty. To C. J. Rataichak who had charge of the kitchen and Glenn Cannon who had charge of the dining room with their helpers much credit is due as all were served very efficiently. Much credit is also due to others who were on other committees.

The principal dish was of course turkey and everything that goes with it was served during the meal.

The out town guests present were Mr. and Mrs. C. W. Smith of Evanston, Ill., Mr. and Mrs. Edna F. Smith of Detroit, Mich. and Allan Smith of Toledo, O.

Newlyweds Are Given
Charivari By Friends.

To say that there was noise in the vicinity of the home of W. C. Thompson, three miles east of the city Friday evening would be putting it mildly, for it seemed that every noise-making article in the whole neighborhood was in use. It was a genuine old-fashioned charivari in honor of the newly-wedded Mr. and Mrs. Harry Thompson, whose wedding took place Thanksgiving day. Mr. Thompson is the son of Mr. and Mrs. W. C. Thompson. Shortly after the bride and groom appeared and gave them a hearty welcome, inviting them in to enjoy the hospitality of the Thompson home. The self-invited guests to the number of 75 were then served a supper consisting of oyster soup, cake and coffee. The rest of the evening was spent with music and games and at a late hour all departed for their homes, wishing Mr. and Mrs. Thompson a long and happy wedded life.

JACKSONVILLE WON FROM PALMYRA HIGH

Down Visitors in Turkey Day Game by Score of 21 to 7—Game Marked by Much Fumbling—Alexander Drop Kicks From 35 Yard Line.

Jacksonville high defeated Palmyra high in the Turkey day game played on Illinois field Thursday afternoon. The final score was 21 to 7.

Hufford's team proved hard fighters and they had several fast men who threatened the Jacksonville goal with long runs. The team, however, had lots of fumbles and twice Referee Larson had to call them for too much chatter. They played against themselves in this respect as their talking only took up playing time at a period in the contest when more playing and less talk might have resulted in a touchdown and put them in the lead.

On account of the cold and over-anxiety on the part of the players of both teams there was a great deal of fumbling. One of those fumbles by Palmyra in the last few minutes of play resulted in a touchdown for Jacksonville. Alexander grabbing the ball and carrying it over for a touchdown.

Jacksonville played a good game on both offense and defense. Several times their line gave way before the plunging of the heavy backs of the visitors but they always stiffened and held at critical moments.

Palmyra made several good end runs but most of their gains were made on line plunges and they also worked a few forward passes.

One of the Jacksonville players good ball. Especially good work was done by Gard and H. Cockin on the wings who went down under punts fast and for the most part tackled the catcher in his tracks. Alexander, Struck, Arter, Hopper and Mitchell also did good work in the back field, both at carrying the ball and on the defense.

Kicks Goal From 35 Yard Line.
Alexander putted well and also made a pretty drop kick from the 35 yard line. There was a big crowd of spectators and enthusiasm ran high. The crowd persisted in getting on the playing field and this made the work difficult for both players and officials. At one time the crowd undoubtedly beat Jacksonville out of a touchdown as Alexander who was carrying the ball would undoubtedly have gotten away had the field been clear.

Palmyra kicked off to Jacksonville at the beginning of the game. Jacksonville was soon forced to kick. Palmyra was held for downs. Jacksonville then took the ball and marched steadily down the field. Arnold going over for the touchdown. The goal was missed. That ended the scoring in the first half, the ball passing over frequently. Palmyra had the ball when the half ended. Score Jacksonville 6, Palmyra 0.

Jacksonville kicked to Palmyra at the beginning of the third quarter. Jacksonville held and took the ball. After two tries at the line Alexander kicked a field goal from the 35 yard line making the score 9 to 0 in favor of Jacksonville.

Jacksonville again kicked to Palmyra. After making three first downs Palmyra lost the ball on a fumble. Jacksonville could not gain. Alexander tried to punt and Palmyra broke thru and blocked the kick and one of their players recovered the ball and carried it over for a touchdown. The goal was missed. Making the score, Jacksonville 9, Palmyra 7. The quarter ended with the ball in Jacksonville's possession.

Jacksonville made a first down and was then forced to kick. Palmyra fumbled the ball. There was a wild scramble by the players of both teams and the ball was repeatedly fumbled. Alexander finally grabbed the elusive pigskin and carried it over for a touchdown. The goal was missed. Score, Jacksonville 15, Palmyra 7.

Palmyra again received the kick and carried the ball back 60 yards. Jacksonville held and took the ball. Jacksonville marched steadily down the field with line plunges, end runs and a forward pass. Hopper finally carrying the ball over for a touchdown. The goal was missed. Score Jacksonville 21, Palmyra 7. The game ended just after Jacksonville had kicked to Palmyra.
